FOREWORD

This book features articles and abstracts from the symposium “The Law of the Digital Age”, which took place in Budapest, Hungary, on June 6th and 7th, 2024. The event was organised by the Faculty of Law at Károli Gáspár University of the Reformed Church in Hungary in collaboration with the Faculty of Law at Ankara Yıldırım Beyazıt University. Academics specialising in public and private law presented papers addressing a variety of topics related to digitalisation in the 21st century.

This symposium builds on two previous series of online events organised in cooperation with the law faculties of Ankara Yıldırım Beyazıt University and Károli Gáspár University. The “Law of the Digital Age” symposium welcomed scholars from Ankara Yıldırım Beyazıt University to Budapest, fostering collaboration and scholarly exchange between the two faculties. This collaboration lays the groundwork for future academic studies and projects. The event is particularly significant as it coincides with the 100th anniversary of the Turkish-Hungarian Friendship Agreement, signed in 1923.

We would like to express our sincere gratitude to the organising committee and faculty members from Károli Gáspár University of the Reformed Church in Hungary and Ankara Yıldırım Beyazıt University for their efforts in making this event a success. Additionally, we extend our thanks to Assistant Professors Dr. Ekin Deniz UZUN, Dr. Muhammed Said BİLAL, and Dr. Osman Buğra BEYDOĞAN for editing the articles and abstracts included in the symposium’s volumes.
